

## FUSION SERIES - HYBRID

The Fusion Hybrid cart is our most versatile cart. The open architecture allows multiple computing options such as a closed laptop, thin client or small form factor paired with an external monitor and keyboard. It remains flexible to accommodate future hardware changes.

**ERGONOMIC MONITOR ARMS**  
Designed for instant, effortless height adjustment. 3 options available. (legacy, arm, pole mount available).

**INTEGRATED HANDLES**  
Built for easy maneuverability and control.

**DURABLE SURFACE**  
Protected with an antimicrobial high-density polypropylene and polyethylene.

**RETRACTABLE KEYBOARD & SLIDE OUT MOUSE TRAY**  
Refined for ergonomics, tilt, and versatility.

**MOBILE POWER**  
Large battery capacity delivers a long run time.

**YOUR CART. YOUR STYLE.**  
Personalize with our 11 colors for easy identification or brand coordination.

**LIGHTWEIGHT, COMPACT DESIGN**  
Lighter material makes rolling easy. Uniquely designed for full-stride walking.

Color selection: Standard (Red, Blue, Orange, Cyan, Purple, Grey, Pink, Black, Yellow, Green) and Custom.

## FUSION SERIES - HYBRID

### ADDITIONAL FEATURES

**More Monitor Arm Options:** The 3500 monitor arm is one of the new options on Fusion Carts, for effortless height adjustment as well as a pole mount option.

**Lighter Overall Design:** For easier, more fluid movement, the Fusion Cart's overall weight has been reduced.

**Locking Computer Compartment:** Accommodates multiple types of PC's to allow for future hardware changes.

**Longer Run Time:** The larger battery capacity delivers a longer run time, built on the latest technology (Lithium-Iron Phosphate).

**A Cool New Feature:** For improved safety and performance, fan filters have been added in the battery compartment.

**Sit-to-Stand:** Single hand height adjustment for user comfort when standing or sitting.

**Additional Upgrades:** A Refined keyboard tray with slide-thru mousing platform and electric height adjustment (optional) round-out the upgrades.
